Dr. D. J. Brannen was called to Los Angeles Monday by the serious illness of his sister Mrs. E. J. F. Horne, but

her death occurred Tuesday afternoon. Mrs. Horne was well known here and her death is regretted by all who knew her. She has resided in Prescott since her marriage in February last. The body was taken to that city for burial.

Prof. H. Gellmuyden of Christiana, Norway, astronomer royal, arrived at Flagstaff Tuesday and left Wednesday for the East. He came here to visit the Lowell observatory and expressed himself as well repaid for his long journey by the privilege of viewing the clear skies of Arizona through the great telescope. Notwithstanding the fact that the sky was rather cloudy and the conditions were not normally favorable, he stated that the view obtained of Saturn through the Lowell telescope was the best he had ever had. Prof. Gellmuyden has been at work on star catalogues. To him was assigned a section of the catalogue published by the Astronomische Gesellschaft, whose headquarters are in Leipsic, Germany. This will be the most complete star catalogue ever published.
